Become a Par Club Member and send a caddie to university

You know the caddies we're talking about: the ones who look you right in the eye—with a firm handshake, a strong work ethic and incredible drive.

They've been out on hundreds of loops, just for the opportunity to earn a four-year university scholarship. Because they come from modest means, earning the Evans Scholarship might be their only shot at university.

Help a caddie tee up for the future

Today, more than 26,000 Par Club members are supporting the Evans Scholars Foundation—golfers who love the game and want to help a caddie.

We also receive support from our 9,800 Evans Scholars Alumni, who give back to the program because it made such a difference in their lives.

There are now 840 Evans Scholars at 19 universities, including 14 with Scholarship Houses. They all became Evans Scholars thanks to supporters like you.

With university costs rising and family finances stretched by these tough economic times, more caddies than ever need your support. No future should go off course because university isn't an option.

A driving force in golf and education

The Western Golf Association administers the Evans Scholars Foundation—the largest privately-funded university scholarship program providing full tuition and housing. Champion golfer Charles "Chick" Evans Jr. established the program more than 80 years ago.

The WGA has awarded \$180 million in university scholarships to date, thanks to the generous support of people like you and proceeds from our world-class golf tournaments.

Joining the Par Club will help your game

Well, we can't promise that—but we are sure that your Membership will make a big difference to a deserving caddie.

The Victoria Golf Club currently has three students (Mark, Casey and Alex pictured above) at the University of Colorado, thanks to the WGA.

Thank you for your Par Club Membership.
